Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

Response to Amendment

This Office Action is in response to Amendment filed on 03/14/2006.

Claims 5-20 are presented for examination.

Claim Rejections - 35 U.S.C. § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 5 and 9-14 are rejected under 35 U. S. C. § 102 (b) as being anticipated by US Patent No. 6,057,597 to Farnworth et al.

Claims 5 and 9-14 are rejected for the same reason as set forth in the previous Office Action.

Claim Rejections - 35 U.S.C. § 103

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claims 7 and 8 are rejected under 35 U.S.C. 103 (a) as being unpatentable over U.S. Patent No. 6,057,597 to Farnworth et al. in view of the remark.

Claims 7 and 8 are rejected for the same reason as set forth in the previous Office Action.

Claims 15-20 are rejected under 35 U.S.C. 103 (a) as being unpatentable over U.S. Patent No. 6,057,597 to Farnworth et al. in view of US Patent No. 6,784,542 to Fukasawa et al.

Claims 15-20 are rejected for the same reason as set forth in the previous Office Action.

Response to Arguments

Applicant 's comments stated that claims 5, 13 and 14 have been amended to recite, among other things, "wherein the semiconductor device protection has a structure to be detachably attached to the semiconductor device". Applicant's comments also stated that Farnworth et al does not indicate that the semiconductor device protection cover has a structure able to be detachably attached to the semiconductor device. Examiner does not agree with applicants since Farnworth discloses "...the cover 20 in a tacked configuration. Should the die 12 be defective, the tacked cover 20 can be easily removed for replacing the die 12". (col. 5, lines 1-4). Farnworth also discloses "If a

defective die is located, the cover 20E can easily be removed from ridge 34, such as by slitting the adhesive dots thereby permitting access to the dice 12E for repair, or replacement.” (col. 6, lines 57-60). Farnworth clearly describes the cover can easily be detached from the semiconductor device.

Therefore, for the above reason, it is believed that the rejection should be sustained.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
